| Title:                                   | How to be You Forum   |
| Schedule:                                | August 20, 2022   |
| Speaker                                  |   |
| Engr. John Dado                          | A licensed chemical engineer after placing 6th in the May 2019 Chemical Engineering Licensure Exam, Engr. Dado is currently working as a stock specialist in Nespresso, Richmond, British Columbia. He is currently taking a post-graduate diploma in supply chain management and logistics at Vancouver, B.C, adding to his broad skill set including project and inventory management.              |
| Engr. Levent Bless Aquino                | Mr. Aquino is a multiple degree holder, with bachelor's degrees in chemistry and chemical engineering, and a master's degree in chemistry. He landed on 4th place in the October 2021 Chemistry Licensure Examination, and has several publications in natural products chemistry. Consistent with his research drive, he is currently working as a chemist at the DOST-FNRI.                         |
| Engr. Marc Noblen Dela Cruz              | Engr. dela Cruz is a holder of two degrees and also has two professional licenses, as a civil engineer and as a sanitary engineer, for whose licensure examination he ranked 1st last April, 2022. He has had work experience with DDT Konstruct, Inc. and DPWH. Currently, he is a review lecturer for graduates taking the Sanitary Engineer Licensure Examination.                                 |
| Engr. Michael Jherrieco Christiane Ayson | A magna cum laude graduate of ECE and ranking 3rd in the April 2022 Electronics Engineering Licensure Examination, Engr. Ayson is a highly skilled electronics engineer with experience in networks, software development, and machine and deep learning algorithms. He is currently a wireless network optimization engineer at ZTE Philippines, Inc.  |
| Engr. Kenta Yagi                         | Engr. Yagi is a skilled mechanical engineer with experience in production line quality control at Mistubishi Motors Philippines Corporation. He passed the Mechanical Engineer Licensure Examination last February 2022, landing on the top 8th rank nationwide. Engr. Yagi's interests include additive and subtractive manufacturing, machine design and shop practices, fluid mechanics, and HVAC. |
