Title:	Data Visualization and Analytics with Microsoft Power BI
Schedule:	May 9, 2025 at 10:00 - 11:00 AM
Speaker	
Leo Matthew Sarne	Leo Matthew Sarne is a Data Science professional specializing in analytics, artificial intelligence, and digital transformation. He currently holds the position of Insighting Analyst Expert at Globe Telecom, under the Enterprise Data and Strategic Services Group within the Customer Data & Analytics division. In this capacity, he delivers actionable insights that inform strategic initiatives, enhance customer engagement, and drive enterprise-wide performance. Alongside his industry role, he serves as a part-time lecturer in Data Science at Mapúa University's School of Information Technology, where he teaches key subjects including programming, statistical analysis, data ethics, and emerging technologies. He is recognized for his ability to translate complex technical concepts into practical knowledge, fostering student competency and readiness for the data-driven workforce. Leo holds a degree in Data Science from Mapúa University and has been actively involved in academic and digital innovation initiatives. His professional endeavors are anchored in a commitment to leveraging data for meaningful impact across both corporate and educational domains.
